RealBiz360.com Selected by REALTOR® Association of Greater Fort Lauderdale (RAGFL) for Exclusive Online Real Estate Virtual Tour Services.

Phoenix, AZ. 03/31/2009 - RealBiz360 Inc., the leader in delivering High Resolution Imaging over the Internet announced today that it has been selected as the exclusive online provider for Real Estate Virtual Tours by the REALTOR® Association of Greater Fort Lauderdale (RAGFL), representing more than 8,000 members.

RealBiz360's VuVista Suite featuring i3 Technology and iVuZoom viewing will enable RAGFL members to create interactive, high resolution slideshows directly from the Multiple Listing System (MLS) link on www.R-World.com. The solution simplifies the virtual tour creation process by utilizing the RETS platform and automatically populating the property tours with RAGFL MLS listing information, allowing members to upload photos, then link the virtual tours back to their listings.

The exclusive relationship will include a special pay-per-use model with an option to upgrade to the full VuVista Suite of features. "Our partnership with RAGFL represents our continuing commitment to provide integrated imaging solutions for the Real Estate industry. This combined solution enables us to deliver RAGFL members with a seamless way to create our exclusive high resolution property tours in a fast and cost effective manner", said Steve Marques, President and Chief Operating Officer of Realbiz360. "We are very excited to be chosen by RAGFL and look forward to our ongoing partnership."

"The REALTOR® Association of Greater Fort Lauderdale, Inc. is known throughout the industry as providing our members with the tools, services and resources to succeed," said Richard W. Barkett, Chief Executive Officer for RAGFL. "Our newest partnership with RealBiz360° continues the trend by keeping our members on-the-cusp of technology with the most precise virtual tour product on the market. With only a few clicks, our members have a high resolution virtual tour with zoom-in capabilities, completely integrated with their MLS listings."
